

EVALUATION FORM

The following evaluation information must be completed by **all** the teachers who implemented the program and **all** the students who used the trunks. Please copy one sheet per student.

Digital Curriculum Trunk Program

Dear Students,

Your feedback is very important in helping us learn about the program. These answers are anonymous, so please answer these questions honestly and with as much detail as you can give. We appreciate it greatly!

Sincerely,

Holocaust Museum Houston's Education Department

Circle the role that best applies to you:

Teacher

Student

Place a check in the appropriate column in order to rate each item on a scale of:

1 (definitely no), 2 (somewhat/maybe), 3(okay), 4 (most likely, pretty well), 5 (absolutely)

Areas of Evaluation	1	2	3	4	5	N/A
I feel I learned more about the Holocaust and genocide because of using the iPad program.						
The iPad program was easy to use in that I could find things easily and make sense of the content.						
Due to using this program I am now more interested in learning about the Holocaust and genocide.						

For all of the questions below, feel free to use the back of the sheet.

Question 1 – Tell us about your experience using the iPads

Based on your experiences using the iPad for learning about the Holocaust and other genocides, what was good about the experience?

What was challenging about the experience?

In what way(s) was it different learning by using an iPad?

Question 2 – Let us know what you learned through the program

List and describe 1 – 3 things you learned about the Holocaust through this program that interested you or fascinated you. Please be as specific as possible as this would help us think about changes to make in the iBook or the resources we currently have available.

1.

2.

3.

Question 3 – Other information

What do you want to tell the developers of this program?

What would you tell the people who fund this program?

This is a space for any reflections you haven't had a chance to share, but you feel it is important about your experience with the Digital Curriculum Trunk program.
