LETTER FROM THE CHAIR

Dear HMH Family and Friends,

It continues to be my honor and privilege to serve as the Board Chair for Holocaust Museum Houston. In the 2021 Fiscal Year, we welcomed 37,653 visitors to become Upstanders in society as they learned about the lessons of the Holocaust. Our staff, volunteers, docents, and board members helped increase the relevance of our mission both at home and abroad as we found additional ways to address the social challenges of our time. With a rise in antisemitism around the world, and constrained by a global pandemic, we offered virtual programs, lectures, and tours that reached people who never had the opportunity to come to the Museum in person. Creating transformative impact through a culture built on tolerance, civility, and respect requires hard work and dedication. We appreciate the contributions of everyone who gave of their time and talents, as well as the financial support of our donors, members, and visitors. Collectively, they kept our doors open as we weathered this pandemic.

The pulse of the Museum continues to be guided by our mission: to educate people about the Holocaust, remember the 6 million Jews and other innocent victims who perished, and honor the legacy of the Survivors. In pursuit of this, we continued showing visitors the importance of this message over the past year through our permanent exhibition *Bearing Witness*, the Lester and Sue Smith Human Rights Gallery, and with changing exhibitions including *Stories of Survival: Object. Image. Memory.* and *Withstand: Latinx Art in Times of Conflict.* *Withstand* addressed core elements of human rights and social justice within the Houston Latinx community, and *Stories of Survival* explored the impact that objects owned by Survivors of genocides have on them and the relevance of these objects to others. Our education programs also reached a wide audience. Educator in Motion impacted 18,570 students in the 2021 Fiscal Year, and Engines of Change had 63 students enrolled. Additional students and educators benefitted from the Silverman Latin American Institute, the Max M. Kaplan Summer Institute, and the Warren Fellowship for Future Teachers and Spector/Warren Fellowship. These trainings empower teachers and educators and help us raise awareness of the Holocaust and the importance of being Upstanders in settings outside of the Museum.

The hard work accomplished by HMH in the past year is a culmination of what the last 25 years have been about: remembering the victims of the Holocaust, celebrating Survivors, and sharing their stories with the public. This unique responsibility guides us as we remember the past while looking to the future and find new ways to engage our stakeholders and the community at large. With your help and support, we will expand our horizons over the next 25 years while continuing to honor our Mission.

Thank you for standing with us.

Sincerely,

Carl Josehart
Board Chair

HOLOCAUST MUSEUM HOUSTON

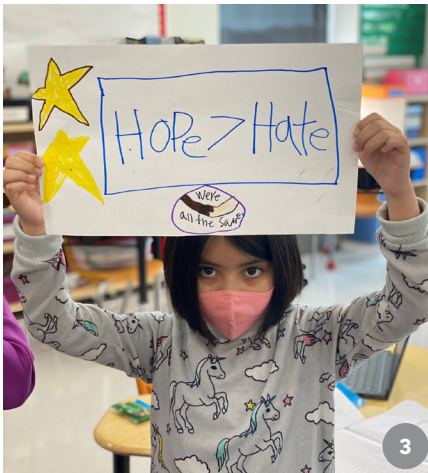

Due to COVID-19, the Educator in Motion (EIM) program was entirely virtual during the 2020-2021 school year. EIM plans to continue offering virtual options even as we return to in-person programs, as this allows us to expand our reach outside the greater Houston area. For example, EIM educators have worked virtually with students in Austin, New Orleans, and Wisconsin. Despite the year's challenges, during the 2020-2021 school year, EIM educators reached 18,570 students across 58 schools in 23 school districts.

HOLOCAUST MUSEUM HOUSTON

Holocaust Museum Houston Engines of Change Student Ambassador Program introduces Houston-area high school students to Holocaust history and enables them to understand current issues better and develop their own informed opinions and voices.

During most of the 2020-2021 school year, Student Ambassadors met virtually to examine current societal events and issues, such as antisemitism, racism, and human rights.

Student Ambassadors selected research topics and presented their work at the Engines of Change Symposium on May 2, 2021. Student topics of research included childhood hunger, climate change, gender discrimination, and pollution. Families and guests were able to attend the symposium and engage with the students.

The 2021-2022 school year began with an in-person orientation for new participants in the program. New Student Ambassadors toured the Holocaust and Human Rights galleries and reflected on the critical lessons learned.

EOC Symposium

Engines of Change Teacher Training

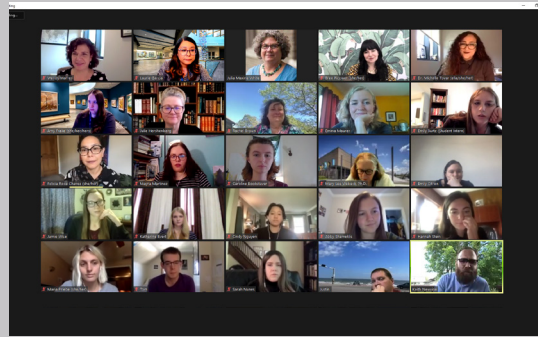

This year the Education Department led the Engines of Change teacher training for 18 educators from the Houston area with two back-to-back training sessions. The goal of the training was to allow educators to familiarize themselves with the Engines of Change curriculum and implement it within their classrooms.

Educators witnessed a variety of lessons regarding concepts of civic awareness, current events, and a call to action. The Engines of Change Student Ambassador Program has been implemented in classrooms throughout various districts, as well as being offered as an elective in Katy ISD.

Holocaust Museum Houston strives to share the Engines of Change curriculum with teachers from the Houston area to give middle and high school students an opportunity to become Upstanders in their community.

Warren and Spector/Warren Fellowship for Future Teachers

In May 2021, the Education Department welcomed 22 pre-service educators from across the United States to our annual Fellowship hosted virtually this year. Fellows explored the history of the Holocaust and human rights through virtual tours of our museum space; interacted with leading scholars, educators, and museum researchers in the field; and discussed strategies and resources to support the creation of inclusive classrooms. Guest speakers included Dr. Robert Williams, Deputy Director of International Affairs at the United States Holocaust Memorial Museum, who led a special evening lecture on understanding and responding to antisemitism in contemporary times and Dr. Anna Steinberger, Holocaust Survivor, who shared her life story with the Fellows.

Max M. Kaplan Summer Institute

In June 2021, the Education Department hosted 20 educators as a part of our virtual Summer Institute for educators. Sessions included virtual tours of our permanent exhibitions, an examination of America's role during the Holocaust, a survey of Dr. James Waller's new research on Northern Ireland, classroom

activities using the art of Samuel Bak, and a panel discussion with the curators of *Withstand: Latinx Art in Times of Conflict*. The Gerald S. Kaplan Endowed Lecture featured Dr. Benjamin Carter Hett, author and Professor of History at Hunter College, who spoke on "The Nazi Menace: At Home and Abroad."

Silverman Latin American Institute

The Silverman Latin American Institute, supported by the Lt. David L. Silverman Endowment Fund, brought together thirty 6th-12th grade educators from Latin America and the United States to study the Holocaust, human rights, and social justice. Participants were able to create networks that will strengthen future educational collaborations.

In July 2021, HMH virtually hosted educators from the Houston area, Guatemala, and Colombia for a 4-day conference focused on Holocaust and Human Rights education. The Silverman public lecture was hosted by Dr. Rosa Celorio, Associate Dean and Professor for International and Comparative Legal Studies at the George Washington University Law School in Washington, DC. She spoke about the effect of climate change and human rights in Latin America.

Withstand: Latinx Art in Times of Conflict

The Museum opened its first juried exhibition in its expanded building in April 2021. *Withstand: Latinx Art in Times of Conflict* explored themes of social justice and human rights with over 100 artworks by Houston Latinx artists. The multi-media exhibition was a platform that examines issues that impact the community, fosters dialogue on difficult questions, and ultimately empowers social change through art.

The art featured in the exhibition included several themes including border relations, the queer experience, women's issues,

the immigrant experience, and social and political turmoil. *Withstand* was curated by Gabriela Magana and Rosa Ana Orlando. Born and raised in Mexico, Magana is an artist and curator based in Houston. She holds a BA in Painting from the University of St. Thomas Houston, and is currently working on an MA in Arts Leadership from the University of Houston. From Venezuela, Orlando is a museum specialist with extensive knowledge of art history. She has more than 15 years of experience in art collection management, as well as a strong background in exhibition planning and design.

Summer Free Days presented by United Airlines

This summer, the Museum hosted three Summer Free Days presented by United Airlines in correlation with *Withstand: Latinx Art in Times of Conflict*. Throughout the day, guests were invited to join HMH for special performances, storytimes in English and Spanish, curator-led tours of *Withstand*, and more.

Harris County Public Health was onsite to offer COVID-19 vaccines and application assistance to the community. Special thanks to United Airlines and H-E-B for generously supporting these events that brought in 2,679 visitors.

Anschluss Commemorative Medal

In preparation for AAM Reaccreditation, the Collections and Exhibitions Department is performing a routine inventory of HMH's permanent collection. Through this detailed process, curatorial staff are rediscovering many hidden gems.

This Anschluss Commemorative Medal was issued to Austrian and German citizens or military personnel involved in the annexation of Austria into the Third Reich (the **Anschluss**). Depicting two men on the obverse – one standing atop a podium clutching a Nazi flag helping the other, whose right arm bears a broken shackle – serves as a symbolic metaphor for Germany “helping” Austria into the Third Reich. German forces met no resistance when they invaded Austria in March 1938. The date is encircled by the phrase “Ein Volk, Ein Reich, Ein Führer” (“One People, One Empire, One Leader”), a Nazi propaganda slogan that proved to be effective, emphasizing a “Greater Germany” through the union of Germany and Austria. Suspended from a red ribbon, the medal was designed by one of Hitler’s favorite artists, Professor Richard Klein, who was the director of the Munich School of Applied Arts and a rather prolific medalist, producing designs for German medals since WWI.

Reflections on Guild Membership by Noreen Lewitton

My husband and I moved to Houston in 2006 after living in Kansas City for over 30 years. Our oldest son and his family were here and none of our children had returned to Kansas City. We did not know many people in Houston other than our children. I had been very active in the Kansas City community and was looking for an interesting activity to become involved with in Houston, our new home. I have had a deep lifelong interest in the Holocaust and in history.

At synagogue services one Friday evening, the Rabbi mentioned that Holocaust Museum Houston was looking for people to join their docent training. Given my interest in that subject, I decided to contact the Museum and find out more. I was interviewed by our awesome Hazel Bensky, submitted my essay and application, and was pleased to be accepted into an exceptional training class. Our instructor was the amazing Mickey Meyers. Several of us in the group bonded over the period of weeks of training. It was for me a highly emotional experience. We used to have a small child's shoe on exhibit. I had a little grandson who wore shoes about that size. Every time I came to the shoe, I found myself in tears thinking about the little person whose mother removed that shoe before stepping into the gas chamber with her baby. My classmates were so understanding of my strong emotions.

I have been a docent since 2006, resolved to give a voice to those whose voices were silenced and who can no longer speak up for themselves. I have

Noreen Lewitton

found the work to be deeply satisfying and fulfilling. In addition, I have enjoyed the wonderful bonus of being able to call the group of people I have met among my docent classmates my friends. We seem to have a bond with and an appreciation of one another that deepens with the passing of time. The Guild has taken several trips to New Orleans, New York, Washington D.C., and Dallas, where we had the opportunity to visit other related museums to enhance our knowledge of the subject but also to strengthen the bond of friendship with our fellow docents and HMH staff members.

LETTER FROM THE CHIEF EXECUTIVE OFFICER

KELLY J. ZÚÑIGA, ED.D.

Dear HMH Family and Friends,

Reaching our 25th Anniversary on March 3, 2021 was such an important milestone. This year has been all about sharing our HMH stories, remembering the victims of the Holocaust, celebrating the Survivors, and sharing their stories with the public. We have had a dedicated team of volunteers focused throughout the year on promoting these stories through their own personal social media networks. Throughout this 25th anniversary effort I have personally learned so much, hopefully you have joined me on this journey as well.

Our endeavor of organizing the last 25 years of HMH history for our many audiences has provided me with the opportunity to meet many early founders of HMH. These are the individuals that supported our mission even before we had obtained our 501(c)(3) nonprofit status from the IRS! They shared a dream of Holocaust Education and Remembrance, always believing in the Museum and what it could become. Many of these individuals are now in their late 80's and early 90's and are taking the time to speak with me. Frequently, in these cherished conversations, they shared how determined the founders were.

"It was never a question of how, only a question of when we would make the Museum a reality."

-Mark Wise

I have discovered throughout this 25th Anniversary year that even if the founder or volunteer cannot serve as they once had, their passion and spirit are still with us. It is their belief that our Mission must continue moving forward by serving others.

There are so many important signs of HMH's impact including the best 25 traveling exhibitions at HMH, the birth of new and creative educational programs, the formation of the LBJ Moral Courage Award, along with the Guardian of the Human Spirit Luncheon. We can go on and on, each example making up a part of HMH's heart and soul. Looking back over 25 years of hard work and determination reminds me that it is all about our amazing HMH family. Each one of you has made this special anniversary possible.

How truly blessed we are.

With gratitude,

Kelly J. Zúñiga, Ed.D.

SANDY & RICHARD JACKSON

A Family Creates Forever Ties to HMH

Sandy Jackson was chaperoning her daughter's middle-school field trip to the Jewish Community Center in Houston. It was the 1980s, and they were there to see an Anne Frank exhibit.

Absorbed in the words, images—the total moment—Sandy heard the mother of one of her daughter's friends asked about the Holocaust, "Why do they keep bringing this up over and over again?"

"I remember feeling so sad, hurt and angry," Sandy says.

Both Sandy and her husband, Richard, lost family in the Holocaust. For the Jacksons, both of whom are in their 70's, supporting Holocaust Museum Houston ensures the atrocities of that time—and those that continue today in parts of the world—are never forgotten.

Family members have supported Holocaust Museum Houston since its opening in 1996. Sandy's father was a committed donor and her cousin, Isabel, was one of its first docents.

Throughout the Museum's 25 years, the Jacksons have donated in countless ways, from annual gifts to capital campaigns and an endowed gift. They first became President Level members in 1997, one year after Holocaust Museum Houston's opening.

The couple also established the Frances and Louis Gordon Endowment Fund, named after Sandy's parents, to help fund the Museum's Educator in Motion program. A gift in their estate plan ensures the endowment continues to make a lasting impact.

"The Museum does a marvelous job and needs to be sustained," Richard says. "It allows for the future to be right. It's important for the world."

Create a Kinder World

Like the Jacksons, your future gift helps make a difference for a better world. Discover how you can create a gift that best meets your needs and supports HMH by contacting Stephanie Dugan, CAP® at **713-527-1629** or **sdugan@hmh.org**.

WHY WAS THE *GENERATION TO GENERATION* LEGACY SOCIETY CREATED?

The *Generation to Generation* Legacy Society was created to celebrate our friends who affirm their commitment to Holocaust Museum Houston through a planned gift. Their generosity demonstrates an investment in the future of our Museum and its mission. Gifts from *Generation to Generation* Legacy Society members, when realized, will offer operating or endowment support to provide exhibits, educational programs, artifact conservation, museum admission for students, or capital improvement projects.

WHY IS THIS IMPORTANT?

Holocaust Museum Houston is a living testimonial to those who perished in the Holocaust, a place of honor for those who survived, and a source of education for present and future generations. The Museum teaches the events of the Holocaust to demonstrate the destructive power of prejudice and the importance of moral courage and individual responsibility. From generation to generation, HMH will continue to teach these vital lessons of the Holocaust to the diverse students, teachers, and members of the community who visit.

WHAT ARE COMMON WAYS TO MAKE A LEGACY GIFT?

The most common way to make a legacy gift is to remember Holocaust Museum Houston in your will through a bequest. You can leave a specific sum of money or a percentage of the remainder of your estate. Other common options include naming the Museum as a partial or full beneficiary of a retirement plan or life insurance policy.

HOLOCAUST MUSEUM HOUSTON

HOW DO I GET STARTED?

Contact the Office of Endowment and Gift Planning to learn more about joining the *Generation to Generation* Legacy Society or let us know that you have already made a gift to HMH in your estate plans.

HOW DO I JOIN?

Becoming a member of the *Generation to Generation* Legacy Society is simple. In fact, you have already qualified for membership if you have named Holocaust Museum Houston in your will or included us in your estate plans. When you inform us of your gift, we will respect your wish to be recognized or remain anonymous. All details of your gift are held in strictest confidence.

BEARING WITNESS

ANNUAL FUND GIVING MAKES AN IMPACT

With more than 480 donors giving to Holocaust Museum Houston's Annual Fund last fiscal year, it is with great pleasure that we take this opportunity to thank all those who participated for your generosity.

Gifts to the Annual Fund are in addition to membership dues, and, because they are unrestricted, provide immediate support to help the Museum accomplish its meaningful goals. Your tax-deductible gift provides the stability and continuity that allows Holocaust Museum Houston to fulfill its mission, from

insightful special exhibitions and programming to inclusive educational and outreach efforts.

Every gift, large or small, makes an impact. Your support will make a significant difference in educating and inspiring a new generation to stand up against the hatred, prejudice and apathy of the past, that are still permeating our present. If you would like to make a tax-deductible contribution to HMH's 2021 Annual Fund campaign, visit hmh.org/annualfund.
