

From darkness, light.

Holocaust Museum Houston unequivocally condemns white supremacy. As an institution that teaches the lessons of the Holocaust, we know what happens when extremist ideologies and hate are allowed to flourish. Antisemitism was the particular hate behind the Holocaust, but it is only one branch of a poisonous tree. The Anti-Defamation League found in 2019 that [90 percent of extremist-related murders were linked to white supremacists](#). We stand against this hatred and stand with communities of color and all those targeted by these extremists. [A recent study commissioned by the Claims Conference](#) calls us to action to fulfill our mission to educate people about the dangers of hatred, prejudice, and apathy. We hope you will stand with us to continue this work.

Sincerely,
